Subject: Recent Border Meeting

Dear Border Partners,

I want to thank you for participating in the Tijuana and New River Transboundary Pollution Stakeholder meeting in Coronado earlier this week. Your continued participation and engagement is critically important to further advance our collective goal to stem the flow of transboundary pollution. This is one of my top priorities as Regional Administrator of EPA's Pacific Southwest Region and I very much appreciate your respective contributions and efforts to address this pressing problem. In the next week, my staff will forward copies of the presentations and key highlights and action items from the meeting. As always call or email anytime I can be of assistance.

Best regards,
Michael Stoker
